

AZERBAIJAN STATE AGRARIAN UNIVERSITY

Name: Şahin

Surname: Amirov

Father's name: Ağamir

Date of birth: 10.01.1951

Business phone: 0222671550

Mob: 0557305184

E-mail: shahin.amirov.51@mail.ru

Faculty: agrotechnology

Chair: chemistry

EDUCATION, SCIENCE AND NAME

In 1971 he graduated from the Faculty of Chemistry of Kirovabad State Pedagogical Institute;

In 1985, "Chlorine and aryl substituted cyclohexane carbonic acid chloride anhydrides

Candidate's dissertation on "Decarbonization and intramolecular cyclization" defended;

In 1996, he received the title of Associate Professor of Physical and Colloid Chemistry.

LABOR ACTIVITY

In 1976, a graduate student at the Department of Chemistry of the Azerbaijan Polytechnic Institute;

1981 Assistant at the Azerbaijan Institute of Technology;

1988 - Senior Lecturer in Organic and Physical Chemistry, Azerbaijan Institute of Technology;

In 1996 at the Department of Organic and Physical Chemistry of the Azerbaijan Institute of Technology

associate professor; Bachelor's degree in physical and colloid chemistry, organic chemistry, general chemistry

taught a lesson.

Lecture and laboratory on the subject of methods of physical and chemical analysis in the master's degree

conducted classes;

Since 2011 he is an associate professor of the Department of Chemistry of ADAU;

About 200 scientific works, including 180 articles, 5 textbooks, 10 subjects is the author of the program.

RESEARCH AREA

Agrochemical characteristics of amaranth grown in the natural climate of Azerbaijan

research

**AT INTERNATIONAL SEMINARS, SYMPOSIUMS AND
CONFERENCES PARTICIPATION**
